Sir:

REQUEST FOR CERTIFICATE OF CORRECTION FOR ISSUED PATENT

A Form PTO/SB/44 is enclosed to correct an error in the drawings of the above-identified U. S. Patent. This error is the result of U. S. Patent and Trademark Office failure correctly to enter what was claim 12 at the time of filing and allowance in the granted patent. That claim has been presented on the PTO/SB/44 as claim 15, depending from claim 7. If this is not acceptable, Applicants will provide a new PTO/SB/44 with the entire set of claims as they should have been presented in the granted patent. It should be noted that several of the claims appear in the granted patent out of the order in which they were provided to the U. S. Patent and Trademark Office.
